Brief Biography:

I entered HKU in 1996, witnessing the handover of sovereignty of Hong Kong, a moment that re-defined Hong Kong and ourselves. I was active as being the Chairman of China Study Society, using our Hong Kong identity to perceive China; and joining the 1st batch of Lee Shiu Program for inter-universities exchange. As a HKU graduate, we are endowed with the unique position to explore in the swirl of opportunities and challenges, and the University gives us intellectual capabilities for rational judgment.

I am passionate in participating alumni activities, from founding the Alumni Association for China Study (AACS), to serving as the Executive Committee member of Hong Kong University Graduates Association (HKUGA) since 2012, currently the External Vice-President. These platforms enrich me by connecting with generations of alumni – understanding their needs and expectations in their life-journey: from career coaching, business networking to family and children’s caring. Convocation is the platform to connect and outreach to our alumni – and acts as the bridge between alma mater and her proudly graduates.

I had been working for 16 years in Esquel, a Hong Kong-based textile and apparel manufacturer, before moving to the current role as the Deputy General Manager of Jockey Club Kau Sai Chau Public Golf Course, a community project in providing not only golf sports, but also promoting nature and protecting environment.

I am also serving as Scout instructor, as a role model to my family. I believe the best way of serving the community is to turn our passion into action! We are gifted as a HKU graduate; once again, we are at crossroad. “Wisdom and Virtue” is not only our motto, but also the vision and value that HKU alumni embodied. In all circumstances, I am committed to ensuring our diverse culture, institutional autonomy and academic freedom be upheld.
