Brief Biography:

Graduated from BBA in 1993, I started pursuing my career aspirations in the accounting profession. I am now the Managing Partner of SHINEWING (HK) CPA Limited with fellow membership in HKICPA and CPA Australia and associate membership in the ICAEW.

Apart from personal career development, I am also appointed by the government to take up several official roles such as member of Financial Reporting Review Panel in the Financial Reporting Council and member of Social Workers Registration Board.

Left school for over 20 years, I never forget how my alma mater nurtured and shaped me. I am always eager to serve and contribute back by offering help and support and sharing my extensive experiences with the new generations of the school.

I have acted as the external advisor of Business and Economics Association HKUSU (BEA) for more than 5 years. I have also become the advisor of the Business Association BEA HKUSU few years ago. Throughout the years, I always support and participate in the events held by the student associations, for example, mentorship and internship programs.

Although our BBA program has been established for more than 25 years, there is no single alumni organization to unite the mass BBA alumni. With a group of passionate alumni friends, I founded the HKUBBA Alumni Association in May 2016 as the President. We organized a number of events including cocktail, seminar and campus tour in the hope of linking up seniors and juniors of the BBA family.

For now, I would like to further devote myself to the alma mater where I grew and learned. Standing for the Convocation Election, I wish to contribute to the whole HKU family with my past experiences and defend and uphold our proud traditions as the leading tertiary institution in the world.
